The Office of the Inspector General of the Intelligence Community Releases its Fiscal Year 2022 Annual Work Plan

(October 2021) The Office of the Inspector General of the Intelligence Community (IC IG) has released its Annual Work Plan, a summary of the statutory and discretionary projects that are underway or planned for Fiscal Year (FY) 2022. The projects support the IC IG's statutory responsibility to promote economy, efficiency, and effectiveness in the administration and implementation of the programs and activities within the responsibility and authority of the Director of National Intelligence, and to prevent and detect fraud and abuse in such programs and activities.

Although the Work Plan provides a framework for activities that the IC IG intends to carry out in FY 2022, projects may be modified to meet changing circumstances and priorities; emerging issues; unanticipated ODNI and Congressional inquiries and requests; and potential directives issued by Congress in the *Intelligence Authorization Act*, the *National Defense Authorization Act*, or other applicable law.

A partial list of planned assessments and topics include:

- Fiscal Year 2021 Financial Statement Audit of the Office of the Director of National Intelligence
- Audit of the Security for the Office of the Director of National Intelligence's Remote Access Capabilities
- Assessment of the Intelligence Community's Compliance with Analytic Tradecraft Standards
