Chapter 1 - Introduction

1.1 - Purpose

This is an informative supplement for the Region Taxonomy of MNT as a human readable document of the mappings presented in the taxonomy. The values for Region come from the Region CVE in MN.CES. The values for Country Codes come from ISMCAT.CES.

The membership tables are sorted alphabetically by the country code for the convenience of readers. The underlying taxonomy file has no ordering inherent to it. Similarly the document is sorted by the Region token purely for the readers convenience.

1.2 - Overview

Chapter 2 is a listing of each Region and their membership countries in table format. Each section includes the date for which the membership was last verified.
