In the name of God the merciful the compassionate

To Shaykh / Abu Yahya, may God save you

Peace be upon you with God's mercy and blessings

I have received your generous letter and may God bless you. I only would like to give you a message for Shaykh 'Atiyah. We have waited a long time for his reply, considering to the ramifications of the events near us, and as a fighting group which is still standing and will stay so with God's permission.

Being the only person in charge here, and committed to its members and their activities, I was very sorry for this delay. I and my group reserve the right to make a stand by not accepting its reasoning. I expected all to be on the level of the events in Libya and its acceleration. I consequently bear, in front of God, the responsibility of not awaiting his generous response. I consider him responsible in front of God and in front of Abu 'Abdallah and the Doctor and in front of the Fighting Group leadership. He is responsible for any bad encounter that we may face us along the road, resulting from what he considered to be directly connected to him, without committing himself for a while.

As for yourself, I think you did what you could, and I and the members are committed to move soon, so that matters will not get worse.

God is behind our intentions

The one who loves you
